Pasture Log

Use this form to mark the days each month that your livestock were grazing on pasture. Per 205.237(c) ruminant livestock should receive no less than 30% of their dry matter demand from pasture during a minimum 120-day grazing season. **Have this, or similar tracking records (i.e. calendar diary, etc.) available for your inspector.**

Name/Farm Name: _____ Year: _____

Your records must indicate which days animals were grazing, which days they were not grazing, and the reason animals were not grazing on a given day. It must also track the location where grazing took place on a given day. You can use a combination of markings and/or colors to record this information.
