

Kentucky Department of Agriculture Kentucky Farms are Fun Agritourism Program

Agritourism Business Application

Agritourism is defined, by the Kentucky Department of Agriculture, as "The act of visiting a working farm or any agricultural, horticultural, or agribusiness operation for the purpose of enjoyment, education or active involvement in the activities of the farm or operation."

The Kentucky Department of Agriculture provides two marketing opportunities for your Agritourism operation. The Kentucky Proud Program is a great way to promote your business and the Kentucky Farms are Fun is the second marketing program that can provide detail information along with photos or your farming agritourism operation.

At least 50% of the photos to be posted on our website for an Agritourism Venue must contain crops grown, livestock raised, agricultural educational outreach activities, or products processed from agricultural commodities directly associated with the referenced operation. Please submit your photos to sharon.spencer@ky.gov or donnaj.baker@ky.gov. Please only send one photo per email. We can only download 3 photos per member.
